INNOVATIVE POOL EQUIPMENT

Having started his career as a pool service tech for ten years before becoming a pool builder, the founder of Blue Square, Tim Murphy, had long aspired to develop and manufacture better, more efficient pool equipment. Through his many years of experience, Tim developed the Q360+ in-floor cleaning system, which included the Q360+ Actuator Valve. This 6-port valve tied into the variable speed pump, unique at the time, and worked on water flow, not pressure. His continued passion to develop innovative pool equipment is what made Blue Square Manufacturing what it is today. As Blue Square has grown, we now manufacture in-floor cleaning systems, new and replacement LED pool lighting, modern pool drains, and more. As we continue to grow and develop, we will continue to stay true to our founder and manufacture the industry's most innovative pool equipment.

From LED pool & spa lights with patented plug kits to the Eclipse Drain and Q360+ In-Floor cleaning system, Blue Square is known for manufacturing some of the industry's most innovative pool equipment.

A photograph of a swimming pool at dusk. The pool is surrounded by a black metal fence. In the foreground, there are several stone pillars with waterfalls cascading into the pool. On top of these pillars are flaming braziers. The sky is a deep blue, and the pool water reflects the lights and the sky. The text "DRAINS & HYDROSTAT KITS | 2.0" is overlaid in white.

CIRCULATION SYSTEM | 3.0

3.0 Circulation System

- Reduces chemical and heat cost, up to 30%, for the life of the pool
- Sweeps dirt & debris from walls and helps to clean steps
- Lengthens the swimming season
- Pushes warm water down and circulates the whole pool
- Eliminates the need for floor returns
- Smooth pressure changes for longer equipment life

Product Details	Category	Part #	Image

E360 Triple Nozzle Down Jet - White		11404-WT	

A high-end outdoor pool area at dusk. The pool is finished with light-colored stone tiles and features a multi-level design with waterfalls. Two large, ornate stone fire pits are integrated into the pool's edge, with one currently lit. The pool deck is paved with large, light-colored stone tiles. In the background, there is a dark brown privacy fence, several palm trees, and a patio area with a large umbrella and outdoor furniture. The sky is a deep blue with soft, wispy clouds.

WHITE GOODS | 4.0

A photograph of a high-end outdoor pool and patio area during the "blue hour" of dusk. The pool is on the left, reflecting the twilight sky. To the right, there's a curved stone patio with several dark wicker lounge chairs and ottomans with light-colored cushions. A large, light-colored patio umbrella stands over the seating area. In the background, a covered patio with stone pillars and a tiled roof is visible, featuring a large outdoor TV. The sky is a mix of deep blue and soft orange from the setting sun. The text "COMING SOON" is overlaid in large, white, sans-serif capital letters in the center of the image.

Lite Star Kits

- Angle of the light can be adjusted up to 20 degrees to reduce surface glare and optimize lighting for any depth pool.
- Bright and Efficient Low-Voltage LED Light lasts 10 times longer than traditional incandescent or halogen pool lights.
- UV resistant niche and plaster shield with integrated water stop, multiple conduit ports, and pre-drilled wire tie holes.
- Long-lasting light is easy to replace with our Quick-Connect plug.
- Vented ports allow for water from the pool to help keep the light cool. Light automatically dims to maintain proper temperature
- Requires niche and cord kit on page 32.
