

THE MOST ADVANCED

DRAIN ON THE MARKET

REMOVE LARGE DEBRIS WITH BEAUTY AND EASE

Blue Square Manufacturing is changing the way the industry looks at drains and debris removal. By blending style and functionality, the Eclipse™ Drain removes large debris while remaining virtually invisible to the eye. In other words, the only thing you'll notice is clean.

- Removes large leaves and debris with ease
- Innovative design blends with any pool surface
- Made in the USA
- No more debris getting trapped on the drain
- VGBA compliant single source suction solution
- Compatible with 2" or 2.5" plumbing
- Optional Hydrostatic Valve for high water tables

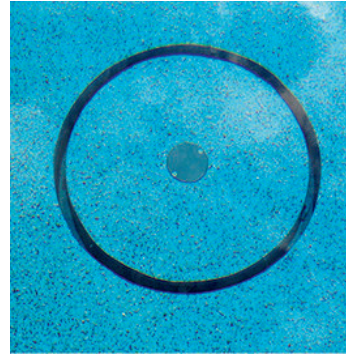

EclipseTM Drain

REDEFINING THE POOL DRAIN

- Circular design fits any pool shape and style and blends into almost any pool surface
- Single source suction - meets all industry anti-entrapment safety regulations (VGBA and ANSI 16 compliant)
- Flush design means robot cleaners won't get stuck
- No stubbing toes
- Great for spas and catch basins
- Comes in two colors (white or gray)
- Compatible with 2" or 2.5" plumbing
- Optional hydrostatic valve for high water tables
- Made in the USA
