

The Vivid 360 LED Spa Light is a state-of-the-art lighting system designed to be retrofitted into popular existing spa niches via its innovative adjustable locking tab, and is also perfect for new spa construction. The light is compact and stylish, with a distinctive lens design providing for a striking LED color blend and diffused beam.

The all-plastic construction of the light removes the need for bonding or grounding and ensures safety to spa users. Available in fixed colors of white, warm white and blue together with multi-color models that can be operated from popular third-party controllers.

VIVID 360 LED Spa Niche Light

Plug Kit factory-fitted on 18AWG Cable

VIVID PLUG KIT - SPA

An innovative feature of the Vivid 360 LED Spa Light is its connectivity. The unique and patented waterproof Plug Kit is factory fitted to the supply cord, and allows for simple connection and detachment to the rear of the light. For spa remodels, this means that the light can be safely stored away until the renovation is completed—thus protecting it from construction work. Available 18AWG Cord Lengths are 50ft, 100ft & 150ft.
